EDUCATION	EXPERIENCE
B.Tech, Computer Science & Engineering Manav Rachna International Institute of Research and Studies 2023 - 2027	Web Development Intern Jun 2026 - Jul 2026 <i>Codec Technologies Pvt. Ltd.</i> - Built a complete Enterprise CRM System using the MERN Stack with JWT/bcrypt authentication. - Designed responsive React dashboards and secure REST APIs with Express.js. - Integrated MongoDB Atlas to manage Leads, Customers, Deals and Activities.
Senior Secondary (12th Std) Modern Vidya Niketan, Faridabad 2022	Machine Learning Intern Jun 2025 - Aug 2025 <i>YBI Foundation</i> - Developed supervised and unsupervised learning models, improving team efficiency by 15%. - Performed data preprocessing, visualization, and model evaluation across cross-functional teams.
Secondary (10th Std) Modern Vidya Niketan, Faridabad 2020	
SKILLS	PROJECTS
Languages Python, Java, C++, JavaScript	Enterprise CRM System Full MERN-stack CRM with authentication, sales pipeline visualization, activity logs and analytics dashboards. <i>React · Node.js · Express · MongoDB · JWT · Chart.js</i>
Web Development React.js, Node.js, Express.js, Angular, HTML, CSS	Network Stability Predictor Dashboard Dashboard to monitor and predict network stability across locations using real-time metrics and weather analysis. <i>React · Vite · API Integration · Tailwind CSS</i>
Machine Learning Scikit-learn, Pandas, NumPy, Matplotlib	ATM Cash Demand Forecast — BankServe Forecasting model predicting ATM cash demand using EDA and Linear Regression, reducing turnaround time by 20%. <i>Python · Pandas · NumPy · Scikit-learn</i>
Databases MySQL, MongoDB, Oracle DB	Smart Student Placement Portal Full-stack platform for campus placements — student profiles, company job postings, and admin reporting. <i>Node.js · Express.js · MongoDB · JWT</i>
Tools Git, GitHub, VS Code, IntelliJ, Eclipse	AI Personal Health Advisor AI web app identifying probable health conditions from symptoms with confidence scores and recommendations. <i>Python · Flask · JavaScript</i>
Core Concepts DSA, OOPs, DBMS, OS, CN	
CERTIFICATIONS	RESEARCH & PATENT
Machine Learning using Python Infosys SpringBoard Mar 2026	Patent — Vocally Navigated Smart Utility Trolley <i>Patent Office Journal No. 35/2025 Aug 2025</i> Smart trolley system using voice navigation for enhanced accessibility, transforming a research idea into intellectual property.
NLP for Speech and Text LinkedIn Learning Feb 2026	Research Paper — ICICC-2025 Conference <i>8th International Conference on Innovative Computing & Communication Feb 2025</i> Proposed and presented the concept of a vocally navigated smart utility system, laying the foundation for the subsequent patent.
